SOFTWARE DEVELOPER

Strategic Data and Telecom, 1993 - Present

- Primary responsibilities include design and development of telecommunication call accounting software using VB.net, Visual Basic and Visual C++.
- Created and maintained five versions of call accounting software, from DOS version, 'TMS', written in C/C++, up to the current version 'ApogeeNet', written primarily in VB.net.
- Designed most database tables for all five versions.
- Wrote and designed an ASP.net reporting interface.
- Knowledge of Crystal Reports used to design reports.
- Wrote a wide variety of programs: user interfaces, reports, database management, data manipulation, utilities, installation routines, DLLs and OCX controls.
- Found dependable and trustworthy, thus allowed to telecommunicate since July 1994 out my home office.

WEBSITE DEVELOPER

Self, 2006 – Present

- Designed and developed over 20 websites: GSBattery.com, MeerElectric.com, GSYuasa-lp.com, SDTInc.com, GeorgiaSunroom.com, PeacePainting.com, DawnIsaacphoto.com.
 - Created logos for ApogeeNet software, PeacePainting.com, and Pureyogajoy.com
 - Currently maintaining all three sites regularly per the customers' satisfaction.
-

EDUCATION
